

C-STORE

Maintaining high standards of cleanliness and housekeeping in a convenience store is not an easy task. It is something that has to be worked on continually by all members of the store staff, but can set you apart from many of your competitors.

- FLOORS
- RESTROOM SURFACES
- GAS ISLANDS
- GLASS & HARD SURFACES
- HAND SANITIZERS/DISPENSERS

DOSE Advantages:

SAFETY - DOSE capsules are factory sealed and product is only dispensed when properly installed in the DOSE Activator.

CONVENIENCE - No water hook up is required for this system to operate.

COSTS - DOSE Systems significantly reduce equipment costs and service calls.

SIMPLICITY - Training employees how to operate the DOSE System is quick and easy.

ACCURACY - Since the DOSE System does not rely on water pressure and metering tips, product is accurately dispensed EVERY time.

RELIABILITY - With only one moving part, there is no maintenance or calibration ever required on a DOSE System, eliminating service calls.

CONSISTENCY - Because of the accuracy and reliability, you can be assured that cleaning solutions will always be properly mixed.

SUSTAINABILITY - DOSE's concentrated products reduce the impacts of transporting water, the inverted installation of the DOSE capsule ensures that all product is used for the proper cleaning application - there is no wasted product, and product capsules are recyclable.

VERSATILITY - If desired, DOSE Systems can be easily set up for continuous flow tasks like mop bucket, auto scrubber, and sink filling applications.
