Dispense/Measure DEFY out of container with Green Dose Activator

- Green Dose Activator DBSGRN01

Apply RTU solution with a quart bottle with trigger sprayer

- Quart Bottle w/Trigger Sprayer, AEQ110542W
- Quart Bottle Label (secondary labels available/required)

SANI QUIK

SANITIZER-DISINFECTANT-VIRUCIDE
EPA Registration No. 10324-166-150

SANI QUIK is a no rinse quaternary sanitizer which can be used on all washable surfaces and is approved as a final sanitizing rinse for food equipment surfaces.

SANI QUIK has also demonstrated effectiveness as a disinfectant for use against viruses similar to 2019 novel coronavirus (SARS-CoV-2) on hard, non-porous surfaces. Therefore, this product can be used against SARS-CoV-2, the novel coronavirus that causes the disease COVID-19, when used in accordance with the directions for disinfecting. Review product label for other viral kill claims.

SANITIZING:

Apply a solution of **0.5 oz SANI QUIK per quart of water** with a brush, cloth, sponge or trigger spray device to sanitize a hard nonporous surface. Let stand for at least 1 minute. Wipe with clean cloth, sponge or paper towel. Let air dry. This will require a **Gold Dose Activator, DBSGLD01**

DISINFECTING:

Add **1.5 oz of SANI QUIK per one quart of water** to disinfect hard non-porous environmental surfaces. Apply use solution with a brush, cloth, sponge or trigger sprayer. Allow surface to remain wet for 10 minutes. Allow to air dry. SANI QUIK is effective against Human Coronavirus.

Green Dose Activator, 1 Dose
Gold Dose Activator, 3 Doses

If disinfecting food contact surfaces, a fresh water rinse is required after the 10 minute wet contact time.

CLEANING SOLUTION TOOLS

Dispense/Measure SANI QUIK out of container with Green or Gold Dose Activators

- Green Dose Activator, DBSGRN01
- Gold Dose Activator, DBSGLD01

Apply RTU solution with a quart bottle with trigger sprayer
