INTEGRA KITCHEN & LAUNDRY

The **INTEGRA System**® is a technology design for chemical staging and delivery with a system by system approach for handling virtually all laundry and food service cleaning challenges. These systems are fashioned around a simple, but very effective concept.

Wall mounted activators containing concentrated liquid chemistry. **Safe, Simple, Sure** Chemical Delivery Systems.

INTEGRA® capsules are inverted, which allows you to completely empty the contents of the capsule using 100% of the product you paid for.

INTEGRA® products are factory sealed with our exclusive **Sure Seal Insert** which promotes employee safety.

INTEGRA® capsules are compact and easy to store taking only half the space of conventional packaging.

The **INTEGRA System**® is modular. Capsules can be placed where its easy for employees to see and change them - no more buckets behind the machine or hidden under the table.

With the exclusive **Safety Shield** **INTEGRA**® systems have built in spill containment safety.

The **Continuous Feed Reservoir** holds 8ozs. When the capsule is empty, you still have 8ozs. of product to keep you operating.

Wall mounted **INTEGRA**® systems eliminate chemical messes on floors and around equipment. This also avoids possible health department issues.

FOOD SERVICE SOLUTIONS

MACHINE DETERGENTS

CONQUER	Premium All-Temp Detergent	4	4/1G Inverted
SABER	Premium Non-Chlorinated All Temp Detergent	3	4/1G Inverted
TRIUMPH	All Temp Detergent		4/1G Handled, 5G Jerrican
