

PURSUIT

Enzyme Drain Maintainer
Mantenedor de drenaje de enzimas

PURSUIT drain maintenance is to be used at the end of the day after all cleaning has been accomplished and drains are no longer being utilized.

STEPS OF USE - DONE WEEKLY

1. With assigned container in place, open valve and dispense 4 oz of **PURSUIT**.
2. Pour **PURSUIT** directly into the drain.
3. Repeat **Step 1** & **Step 2** until all assigned drains have been completed.
4. Rinse container and store away.
